

EMERGENCY MEDICAL SERVICES AT DISTRICT ATHLETIC PRACTICES, EVENTS OR ACTIVITIES

As required by OKLA. STAT. tit. 70, § 27-104 (*Riley's Rule*), prior to the beginning of the 2021-2022 school year, the board of education shall coordinate with emergency medical service providers that serve the area in which the district is located and develop an Emergency Action Plan ("Plan") for each facility and athletic practices, events or activities held at district facilities.

The Plan shall . . .

1. include maps and directions with appropriate contact information for emergency medical services;
2. assign a medical administrator who is a current district employee (e.g., coach, administrator, or athletic director);
3. define responsibilities and personnel on-site, both medical and school officials;
4. include a list of medical equipment that is available and location of the nearest automated external defibrillator — if available;
5. be posted in each district facility;
6. be distributed to all school officials involved in athletic practices, events or activities held at school district facilities; and
7. specifically document actions taken after any emergency to evaluate for debriefing purposes and to determine if there are necessary changes to the Plan.

The Plan shall be reviewed, updated, and rehearsed annually with school officials and local emergency medical services providers and placed on file with both the district and the emergency medical services provider. The Plan shall also be updated to reflect any potential significant changes that would affect implementation of the Plan.

Prior to each athletic event or activity where there are athletes participating from visiting schools, the Plan shall be digitally transmitted to the visiting school administrator or coach by the superintendent or designee, or it shall be posted on the district's website.
